In the year 1965, Sonia Maino, a 19-year-old Italian student met a young Indian boy, Rajiv Gandhi, while they were both studying in Cambridge. She was born into a modest family in suburban Turin, where her father was a strict man who kept a close eye on his three daughters. Much to his chagrin, his painfully-shy middle daughter, of whom he was especially protective, fell in love with a man belonging the most powerful family in India. This marked the beginning of a story unlike any other - of a carefree Italian girl who was compelled to take on the murky world of rajneeti. With information sourced from close friends and colleagues, this book examines how Sonias courage, honesty and dedication have made her a leader in the eyes of one-sixth of humanity. From her idyllic childhood to her passionate love affair and from her days as a docile daughter-in-law to her current status of being the only Indian politician to have refused prime ministership.

Novel based on the diaries of Anita Delgado, 1890-1962, the late princess of Kapurthala.

El 30 de noviembre de 1803, una corbeta zarpa del puerto de La Coruña entre vítores y aplausos. En su interior viajan veintidós niños huérfanos cuya misión consiste en llevar la recién descubierta vacuna de la viruela a los territorios de Ultramar. Los acompaña Isabel Zandal, encargada de cuidarlos. Los héroes de esta descabellada expedición, dirigida por el médico Francisco Xavier Balmis y su ayudante Josep Salvany, sobrevivirán a temporales y naufragios, se enfrentarán a la oposición del clero, a la corrupción de los oficiales y a la

codicia de quienes buscan lucrarse a costa de los desamparados. Si al final esta aventura se convirtió en la mayor proeza humanitaria de la Historia, se debió no sólo al coraje de aquellos niños que se vieron abocados a salvar las vidas de tantísima gente, sino también al arrojo de los dos directores, hombres sin miedo que se disputaron el amor de la única mujer a bordo. A raíz del descubrimiento de la identidad de Isabel Zenda, Javier Moro, autor de *Pasión india* y *El imperio eres tú*, reconstruye una prodigiosa epopeya de la mano de un personaje femenino inolvidable. Los protagonistas de *A flor de piel*, desgarrados entre la pasión de salvar al mundo y la necesidad de salvarse a sí mismos, son como luces en el horizonte oscuro del final de una época.

El 28 enero de 1908, una española de 17 años, sentada a lomos de un elefante lujosamente enjaezado, hace su entrada en una pequeña ciudad del norte de la India. El pueblo entero está en la calle rindiendo un cálido homenaje a la nueva princesa de tez tan blanca como las nieves del Himalaya. Podría parecer un cuento de hadas, pero así fue la boda de la andaluza Anita Delgado con el riquísimo maharajá de Kapurthala. Y así empezó una gran historia de amor —y traición— que se desgranó durante casi dos décadas en el corazón de una India a punto de extinguirse. Tras realizar minuciosas investigaciones en Europa y en la India, Javier Moro —autor de *El pie de Jaipur*, *Las montañas de Buda* y coautor de *Era medianoche en Bhopal*— revela con todo lujo de detalles los secretos de aquella relación que culminó con uno de los mayores escándalos ocurridos en la India inglesa. Y nos traslada al fabuloso mundo de los maharajás, con sus harenes de *Las mil y una noches*, sus bacanales eróticas, su pasión por las joyas, los palacios, el flamenco, los caballos, los Rolls Royce y las cacerías de tigres.

"Si al final he escrito una novela —dice el autor—, no ha sido por deseo de inventar nada, sino al contrario, para reflejar mejor el sabor de una época, así como los olores y colores de la India, las prodigiosas extravagancias de los últimos maharajás y la irresistible personalidad de Anita Delgado, fiel a sus sentimientos hasta que logró conquistar su propia libertad."

The first major biography of Indira Gandhi covers the breadth and scope of 20th-century India and the woman who left her indelible mark on that troubled country. Both widely supported and bitterly opposed, she was eventually removed from office, only to make a stunning comeback.

Sonia Gandhi's transformation from an unsure Congress party president to the unchallenged political chief of the ruling United Progressive Alliance government happened with some speed in the aftermath of the Congress-led coalition's surprise victory in the 2004 general election. Her renunciation of the prime minister's post enhanced her moral stature in the public eye, but it is her skilled handling of the equation with the Prime Minister, Manmohan Singh, that indicates the emergence of a self-confident politician, secure in her position at the helm of national affairs. In this fully revised and updated biography, Rasheed Kidwai tracks the evolution of the new Sonia Gandhi against the backdrop of the Congress party's return to power after years in the Opposition. The last five years have witnessed the Congress president's growing assurance in her dealings with party stalwarts, with coalition partners and Opposition leaders. Drawing on his long experience as a political journalist, Kidwai chronicles how Rahul Gandhi's smooth passage into the front rank of the party's leadership was achieved and gives a vivid account of how Sonia Gandhi navigated such critical moments as the 'office

of profit' crisis, the presidential election, the Indo-US nuclear deal and the vote of confidence. In *Sonia, A Biography*, Rasheed Kidwai tells the extraordinary story of one of India's most enigmatic women, whose journey from the small Italian town of Orbassano to 10 Janpath, New Delhi, is one of the most fascinating in contemporary India.

It was December 3, 1984. In the ancient city of Bhopal, a cloud of toxic gas escaped from an American pesticide plant, killing and injuring thousands of people. When the noxious clouds cleared, the worst industrial disaster in history had taken place. Now, Dominique Lapierre brings the hundreds of characters, conflicts, and adventures together in an unforgettable tale of love and hope. Readers will meet the poetry-loving factory worker who unleashes the apocalypse, the young Indian bride who was to be married that terrible night, and the doctors who died that night saving others. It is a gripping, fascinating account that is already mesmerizing readers around the world.

An engrossing and definitive narrative account of history and myth that offers a new way of understanding one of the world's oldest major religions, *The Hindus* elucidates the relationship between recorded history and imaginary worlds. Hinduism does not lend itself easily to a strictly chronological account: many of its central texts cannot be reliably dated even within a century; its central tenets karma, dharma, to name just two arise at particular moments in Indian history and differ in each era, between genders, and caste to caste; and what is shared among Hindus is overwhelmingly outnumbered by the things that are unique to one group or another. Yet the greatness of Hinduism - its vitality, its earthiness, its vividness - lies precisely

in many of those idiosyncratic qualities that continue to inspire debate today. Wendy Doniger is one of the foremost scholars of Hinduism in the world. With her inimitable insight and expertise Doniger illuminates those moments within the tradition that resist forces that would standardize or establish a canon. Without reversing or misrepresenting the historical hierarchies, she reveals how Sanskrit and vernacular sources are rich in knowledge of and compassion toward women and lower castes; how they debate tensions surrounding religion, violence, and tolerance; and how animals are the key to important shifts in attitudes toward different social classes. The Hindus brings a fascinating multiplicity of actors and stories to the stage to show how brilliant and creative thinkers - many of them far removed from Brahmin authors of Sanskrit texts - have kept Hinduism alive in ways that other scholars have not fully explored. In this unique and authoritative account, debates about Hindu traditions become platforms from which to consider the ironies, and overlooked epiphanies, of history.

"The Red and the Black" is a reflective novel about the rise of poor, intellectually gifted people to High Society. Set in 19th century France it portrays the era after the exile of Napoleon to St. Helena. The influential, sharp epigrams in striking prose, leave reader almost as intrigued by the author's talent as the surprising twists that occur in the arduous love life.
