1. Karl Marx had poor health throughout his life. While Marx was never really diagnosed with anything in his life, he continuously dealt with several symptoms such as headaches, gallbladder issues, insomnia, liver problems, joint pain, and depression. Many historians who have studied Marx feel that he may have suffered from a chronic and painful skin disease known as hidradenitis suppurativa. This disease would have been made worse from Marx's continuous smoking and drinking. 2.
